The Sunflower Club, a recently organized political society, gave a problem solundigate in its quarters last night. Incidentally, it opened a campaign of 1900 and several bucko oysters. The Sunflower Club is organization of untitled Demos and "beefing" Populists. It has membership of about seventy. John Ke is president, Capt. Berry vice-president, Alva George secretary, and Anderson treasurer. As the er has doubtless already appreciated, its mission is to elect William Bryan to the presidency, re the Philippine Islands to their rightful owners, the Tagalogs, wipe trusts out of existence, reduce road rates, decrease the standing ay, abolish the iniquitous gold ard, finish the Nicaragua canal, end sympathy and furnish men to Boers, and select a governor for state of Kansas. In its leisure ments it will look after and extend to its candidate for trustee in Erie nship, read and discuss Annie gs' poetry, disseminate and circulate the Appeal to Reason, Jerry Simp's Bayonet, the Erie Sentinel and er good literature. At the meet-Monday evening Carl Vrooman, gentlemanly anarchist, who looks a wasp with its stinger out, and like a No. 8 sewing machine, present and laid a few burning ights on the altar of his country. e balance of program was about as ows: Raw oysters, talk, fried oys- r, talky talk, stewed oysters, con-sation, oysters, free speech, more ters, words, escalloped oysters. he foregoing is the political aspect he matter viewed from a Republi-standpoint. Otherwise, it is an anization of jolly good fellows who going to get some fun out of lies.
